The phalerae of Emperor Domitianvs

Emperor Domitian, bust in cuirass armor with image of god Pan in the middle and lions as hangers. Diameter 70 mm.

Brass.

Silver plated version.

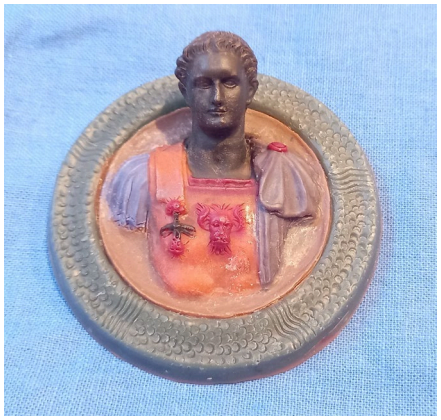

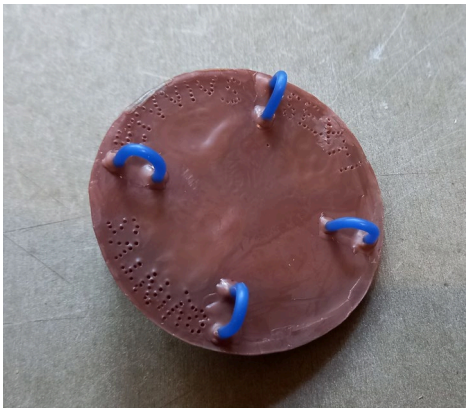

Partially gilded version! From the collage it can be seen that the phalerae has very high relief!

My creative wax work on the phalerae of Emperor Domitianvs in a wreath!

Emperor Domitian, bust in cuirass armor with image of god Pan in the middle and lions as hangers, is based on a statue of Domitian. Busto di Domiziano (Museo Archeologico di Napoli).
